3:48 PM **Mark:** that is pretty sweet

3:49 PM **me:** also

I asked the prez of my atheist PAC if I could do an information campaign via press releases regarding the Jefferson thing

she responded thusly

thusly

o you know what would be better than all that? It would be to get Atheists on that Texas Board of Education. EnlightenTheVote.com is supposed to do that very thing. Everything else is a waste of time. You have to take over the school board. THAT is the answer.

3:50 PM **Mark:** haha

very true

me: fucking atheists

absolutely insane

Mark: yeah, unfortunately the christian right has the stealth candidate thing down cold

me: yes, let me just run some atheist candidates for the Texas Department of Education

3:51 PM yeah, whereas our PAC does not

rather, we essentially sabotage candidates

"LOOK HE IS ONE OF US HE IS GODLESS VOTE FOR HIM"

I should ask the GOP to fund us

Mark: hell

campaign is finance is dead

3:52 PM i'm sure you could find some eccentric ceo instead

*campaign finance is dead
